

Certified GSA Mentor-Protégé Team

iostudio and Pathways 2 Solutions

GSA's Mentor-Protégé Program Offers:

1 CONFIDENCE

iostudio (www.iostudio.com) is among the select few GSA-approved mentor agencies who have earned the distinction of GSA mentor through:

- Solid reputation
- Reliable, high-quality work
- Excellence as a government partner
- Long-term, successful government-related past performance

Likewise, Pathways 2 Solutions, an SDVOSB, is fully vetted and approved by GSA to be the protégé firm for iostudio. GSA's stamp of approval eliminates the risk in selecting a small business for award.

GSA enthusiastically granted our partnership to present capable mentor-protégé teams to contracting officers and foster small business growth in meaningful ways.

2 SMALL BUSINESS GROWTH

Pathways 2 Solutions (www.pw2s.com), by taking the steps to gain GSA approval, has shown itself as a transparent, collaborative government partner with substantial past performance. With this, contracting officers realize the benefits of supporting small business growth while meeting contracting goals.

3 LESS STRESS

GSA-approved mentor-protégé teams bring a documented subcontracting plan, backed by GSA's approval.

Through Pathways 2 Solutions, SDVOSB status and iostudio's expansive list of available NAICS services, our team can accommodate a variety of contract vehicles.
